

Anderson True Photography

Anderson True Photography has been established for more than 30 years. Your wedding photographs will be taken personally by Malcolm Anderson True. Come rain or shine I have enough experience to get those shots you will treasure forever, with the minimum of fuss and time! While I organise the groups and formal shots in an efficient and friendly manner I like to catch the mood of the day by interspersing them with informal shots wherever possible. I would not expect the formal side of things to take longer than about half an hour outside the Church, if that is where the groups are to be taken, with about 20 minutes of your time at the reception or a scenic location on the way, for some informal shots, leaving you and your guests free to enjoy more of your special day. Of course we can take longer if you wish but we find that by careful planning we take full advantage of the valuable moments when you are in front of the camera. After I have taken the formal shots I would expect to stay at the reception until you sit down to eat and it is during this time that I can mingle and capture some more informal shots.

Once the day is over the photographs are prepared for viewing and are presented to you in one of two ways:

1. Website Previews

A day or two after the wedding we will publish your photographs on our website (password protected) for your family and friends to view and purchase directly on line. They will remain on the website for about 4 weeks during which time you can email us your choice of prints for your album which is included in the package.

2. Photo Previews

When you return from your honeymoon or about 10 to 14 days after the wedding your previews will be ready for viewing. These previews are in fact finished prints printed to the size you have chosen for your album and you can keep them for up to 8 weeks after the wedding while you choose your album prints and your family and friends choose theirs. When everyone has made their choice we collect the previews and prepare your finished album together with all of the orders for family and friends. All orders will be supplied to the Bride and Groom or their parents for dispersal and will require payment on delivery of the completed order.
